Lafe's Natural Bodycare Skincare (USA) Booth No. CH-K3A

Lafe's is an award winning natural and organic personal care brand with an eighteen year history of creating healthy products that promote sustainable living and strong environmental stewardship. Lafe's offers an extensive line of deodorants, baby care and hair care products. Lafe's products are free of glycols, parabens, synthetic fragrances, chemical preservatives, anything petro and are cruelty and gluten free. Lafe's offers over twenty different natural deodorants which include sticks, roll-ons, sprays and crystals. Lafe's has more propylene glycol free deodorants than any other U.S. brand. Lafe's Deodorant Sticks offer 24 hour protection (clinically tested), are both alum (aluminum) and propylene glycol free, scented with essential oils and certified 100% natural by EcoCert. Available in scents: Active, Soothe, Fresh, Extra Strength, Bliss and as well as Unscented. Lafe's signature Roll-Ons have won numerous awards for effectiveness; over 70% organic content, with natural mineral salts offering 24 hour protection; same scents as Sticks. Lafe's Deodorant Sprays are endorsed by cancer treatment centers, infused with mineral salts and organic aloe vera for 24 hour natural deodorant protection. Lafe's Crystal Deodorants are made with natural potassium alum for 24 hour protection. Lafe's is an authentic and genuine natural and organic personal care brand.

Magnolia Mattifying Face Cream has a skin purifying and astringent action thanks to a rich blend of Magnolia, Burdock, Sage and Lavender extracts. The Magnolia Cream has refreshing and revitalising properties and thanks to its sebum regulating action skin appears healthier, fresher and brighter. It also contains a combination of the best natural fatty acids to safeguard the delicate moisture balance of oily skin, without leaving it too dry. This cream is ideal for oily skin that requires a moisturizing, softening and balancing action.

SUBLIME LINE For Endless youth

An extraordinary intensive treatment whose daily and constant use redefines the contours of the face and visibly improves the signs of ageing, greatly reducing fine lines and more pronounced wrinkles after a few weeks of use. Clinical tests show a significant reduction of wrinkles and the 29.4% increase of skin hydration in just 30 days with the daily application of the Sublime cream thanks to the powerful Glutathione active principal.

COLOUR & SHINE CONDITIONER

Highlighting conditioner indicated to revitalize, brighten or change hair colour, in a simple, young and dynamic way. An all-in-one soft and creamy texture, which leaves the hair nourished, restructured, disentangled and bright, highlighted through direct colouring. It contains no ammonia or hydrogen peroxide or p-phenylenediamine: it colours by simple contact without altering the physiological balance of the hair. It is ideal for brittle and thin hair or sensitive scalp that easily turn red with chemicals. It can be used during pregnancy. Easy to use during shower. It fades away after 6 to 8 washes (it depends on: nature and porosity of the hair, sunlight exposure, chlorine contact). Suitable for frequent washing to preserve the colour. Good for both natural and treated hair.

Manuka Doctor Rejuvenating Face Mask

Purified Bee Venom and Manuka Honey Skincare by Manuka Doctor – the latest BUZZ in beauty. Dubbed nature’s visible face lift. A lifting and rejuvenating Purified Bee Venom (PBVTM) face mask that helps reduce the appearance of fine lines and wrinkles. And it’s a mask that doesn’t look like your wearing a mask. A deeply hydrating formula that is quickly absorbed, our ApiNourish Rejuvenating Purified Bee Venom face mask disappears into your skin instead of sitting on the surface. With collagen boosting and nourishing Purified Bee Venom to nurture natural cell regeneration and renews damaged skin cells. When used regularly may also help reduce the look of scars.

Naïf has babies covered from hair to toes and everything in between. Made from only seriously natural ingredients. We make the highest quality products because your baby deserves nothing but the best, naturally. We've listened to the experts, to the parents and our babies and what we created is a range of products that are natural, dermatologically tested, hypoallergenic, and PH skin natural.
